

## FEATURES

- Most economical "world class" chain link weaver available
- Efficient design to minimize mechanical parts and reduce overall maintenance downtime
- Small operational footprint
- Fully integrated machine control system
- Take-up incorporated within the main frame assembly for ease of operation
- Operator user friendly controls for Monitoring and enhancing production

## SPECIFICATIONS

Maximum Speed:	600 RPM or 160 sq meter/ hr (1720 sq ft / hr)
Wire Diameter:	1.8 mm – 3.0 mm
Mesh Sizes:	1-3/4" – 2-3/4"
Max Mesh Height:	2 meter - 4.8 meter x 5.2 meter
Work Area:	3 meter - 6.0 meter x 5.2 meter
Electrical Power:	3 Ø / 460 vac / 50-60 hz / 20 a
Pneumatic:	4 CFM a 80 PSI
